

PET PROTECT MICROCHIP ID

lower costs for you, greater service to your customers.

Pet Protect is known amongst vet professionals for providing comprehensive lifelong pet insurance for more than 25 years. Pet Protect is now expanding its business to offer **low cost microchips** and a lost pet recovery service. This will provide outstanding value to you and your customers alike.

**Discounted microchip
price if you register
pets online**

as low as
£3.50
per unit
usual price: £5.25
for paper/fax
registration

Prices include standard 3-5 days delivery. Next day delivery is available upon request. VAT not included.

Greater lost pet recovery service to satisfy your customers

- 1.** DirectConnect: we connect the finder of a lost pet and the owner on the phone for easier, faster reunification.
- 2.** Free collar tag with microchip ID and reunification telephone number included with each chip.
- 3.** Pet reunification service lines open 24/7/365.
- 4.** Ongoing data checks and yearly reminders for customers to update their contact details (essential to successful pet recovery).
- 5.** Chips are registered with your organisation's details to maximise chances of reunification (Backtrack).
- 6.** Free registration, online or via carbon copy registration forms.

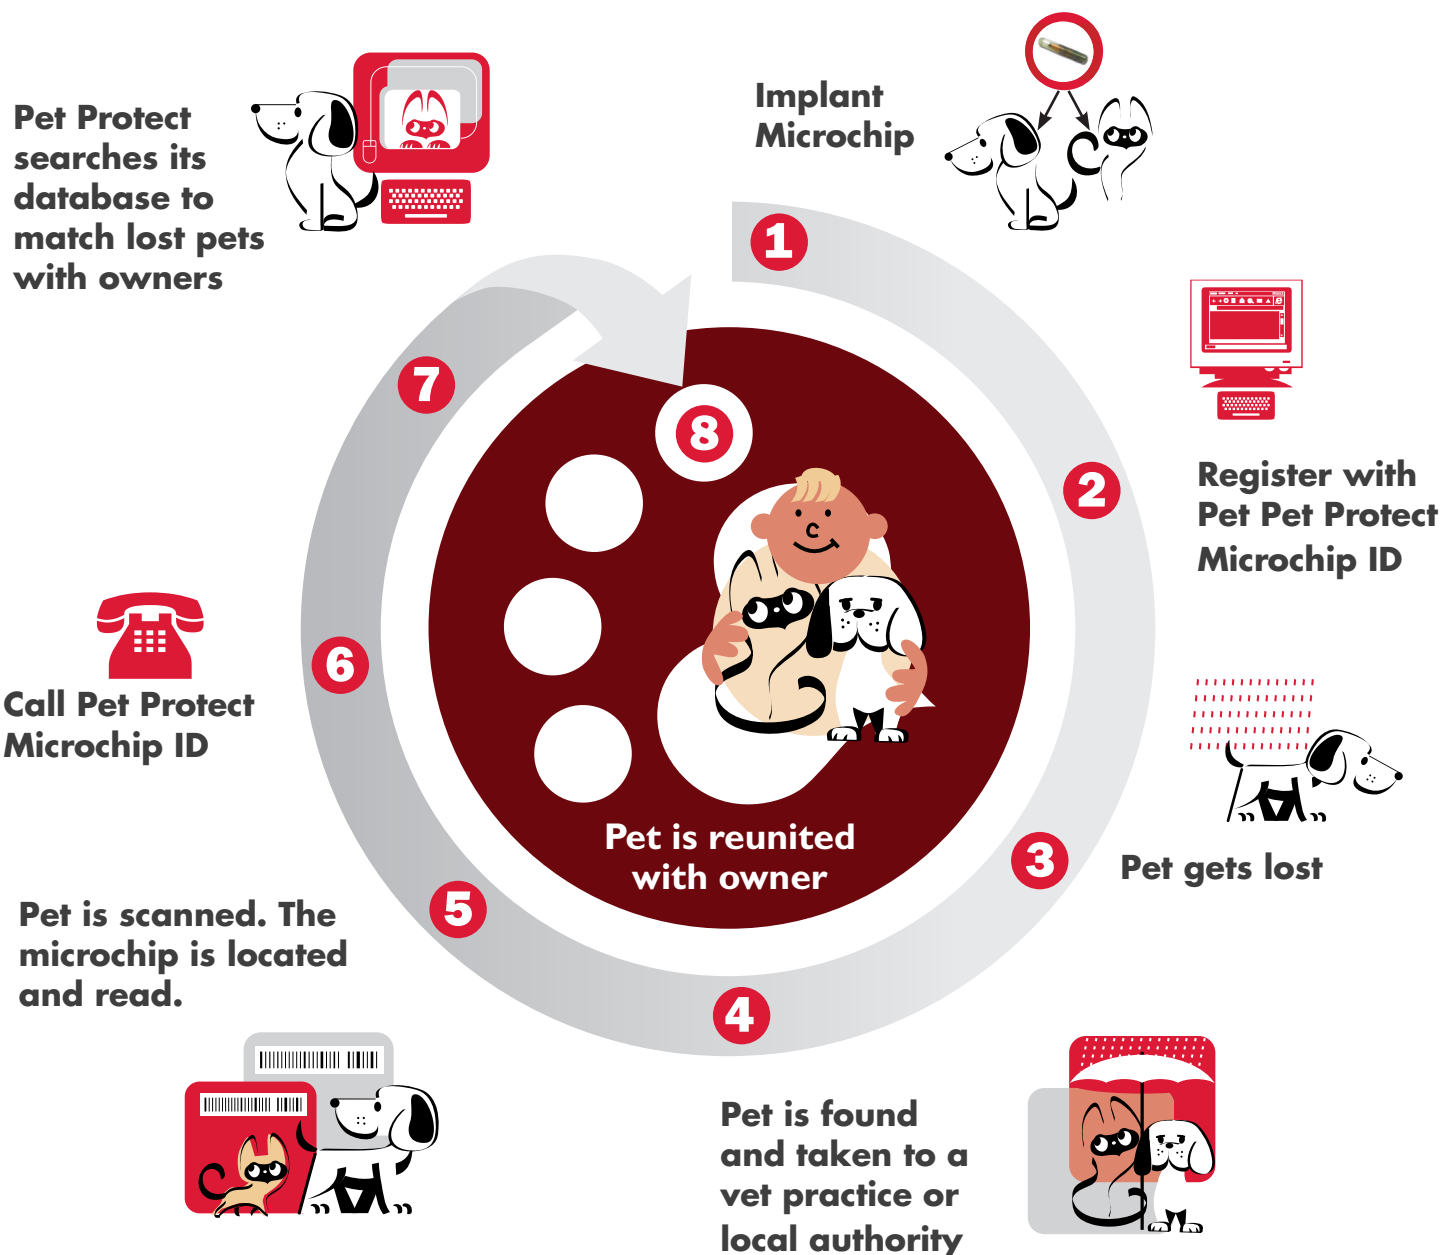

Easy, safe and painless microchip, injector and registration

- 1.** ISO 11784/85 certified microchip readable by any universal scanner.
- 2.** Chip that reduces the chance of migration.
- 3.** Sterilisation indicator and expiry date for each chip for safe implantation.
- 4.** Ergonomic, disposable injector with injection-completed click for safety.
- 5.** Extra-sharp needle for easier implantation.
- 6.** 6 adhesive barcode labels.
- 7.** Free microchip marketing materials for your practice: get more pets microchipped.
