

Pet Protect Emergency Care Pet Insurance

An additional service at a low cost, creating an all round service for pets who have been microchipped with the Pet Protect Microchip ID.

Pet Protect is an established pet insurance company of more than 25 years and is known by veterinary professionals for providing comprehensive lifelong pet insurance. Pet Protect is now expanding it's business to offer **Emergency Care**.

Emergency Care Pet Insurance

Every year thousands of pet owners suffer the fear and trauma of losing their pet – advanced planning can make the difference between a happy reunion and heartache.

A single annual payment of **£19.95 for cats and £25.95 for dogs** will cover your pet for a year, providing up to **£3,000** of pre-paid lifesaving medical treatment for use while your pet is lost. One call to Pet Protect Microchip ID is all it takes for emergency personnel to find out that you love your pet enough to want him or her home alive and well.

Emergency Care also provides up to £1 million Third Party Cover (dogs only) and £250 for you to spend to find your missing pet.

NOW is the time to prepare for your lost pet emergency with Emergency Care.

- Emergency Care is exclusively provided to pets registered with Pet Protect Microchip ID.
- When your lost pet is brought into a vets or rescue centre, the emergency personnel on duty will scan the pet to locate and read your pet's unique microchip number.
- The emergency personnel will then call Pet Protect Microchip ID to locate the pet's owner; during that call the Pet Protect Microchip ID representative will indicate that your pet has the benefit of Emergency Care cover.
- Emergency Care cover gives the attending veterinarian pre-authorization to immediately administer up to £3,000 of lifesaving medical treatment.
- While your pet's needs are being attended to, the Pet Protect Microchip ID staff will be locating you to let you know that your lost pet has been found.

Emergency Care - can make the difference between a happy reunion and heartache.
