Welcome to your pet insurance policy

Welcome to **your policy** of insurance that provides cover for **your pet** for **veterinary fees** and other expenses as detailed in **your policy**.

At Pet Protect, **we** want **you** to be sure **you** have chosen the right cover for **you** and **your pet**. **Our** Lifetime products are designed to help **you** with **vet's** bills for treating chronic or recurring conditions during the lifetime of **your pet**. As **you** would expect, as **your pet** gets older the likelihood of them falling ill increases; the cost of **veterinary** procedures also continues to increase. This means that premiums will likely increase in the future. Therefore, if **you** select this type of policy, **you** need to be aware of the following - and not just consider the cost and policy terms and conditions that apply for the first year:

- The amount **you** will have to pay towards each claim (the **policy excess**) will increase as **your pet** gets older.
- The percentage of vet bills that **you** will pay towards each claim (**your contribution**) will increase as **your pet** gets older.
- **Your** premium may increase depending on a number of factors including **your pet's** age, breed & gender and the increasing costs of veterinary treatment.
- If you decide to cancel your Lifetime policy at any time and switch to another insurer or a different product, please be aware that many pet insurance policies do not offer cover for pre-existing conditions and therefore you may not be able to obtain the same level of cover elsewhere.

Your cover is made up of a number of sections. Please carefully read **your policy** and **your schedule** to understand which cover sections and payment limits apply to **you**. The cover for any given section only applies if that section heading appears under 'Cover Benefits' on the **schedule**. If no Section heading appears or the phrase 'Not covered' is shown against the heading then the cover by that section does not apply.

If the range of cover does not meet **your** needs then please telephone **us** to discuss the options available. **We** will be pleased to quote to change **your** level of cover.

Words in bold type face (but not headings) such as '**your**' have specific meanings attached to them as set out in Definitions. Please read the Definitions set out at the beginning of this **policy**.

The **schedule** and **policy** together form a legal contract with **us** and define exactly what **you** are covered against and what is excluded. If **you** have any questions in relation to **your** cover please contact **us** using the details contained on page 3.

Remember that **you** may not be entitled to all the benefits shown in this **policy** document. **Your schedule** will contain the details of which sections apply to **your** cover and the corresponding **maximum benefits** for each section.

To submit a claim

The claim form with regard to the travel cover is different from the standard claim form. You should contact **us** to request a form (see Contact Us). While abroad, **you** do not need to contact **us** before any emergency **treatment** begins. 7. If the **veterinary fees** **you** are charged are higher than the fees usually charged by a general or referral practice, **we** reserve the right to request a second opinion from a **vet** that **we** choose. If the **vet** **we** choose does not agree with the **veterinary fees** charged **we** may decide to pay only the veterinary fees usually charged by a general or referral practice in a similar area.

Our rights following a claim

The terms and conditions of this policy will only be available in English and all communication relating to this policy will be in English.

The policy will be invalid and cancelled and you will not be entitled to a refund of premium and legal action may be taken against you.
